WARNING: External email, think before you click!

Ralph,

I hope this message finds you well. I just looked on the planning portal and I for some reason cannot see copies of these photos taken by Philip Bodie and forwarded to yourselves back in August. They are obviously quite pertinent to the case and would be important in proving that the site can be seen from the Broads National Park?

Is there any reason why they are not available on the portal?

Kind Regards

Ben Watts

Cheryl, Ralph,

I thought you may be interested in these photos attached, taken by Philip Bodie who walked up the Angles Way the opposite side of the river to our houses and the landfill site at the weekend.

The photo with the boat gives a clear 'Broads or Boats Eye View' and bearing in mind this is at a time of the year with the vegetation in full leaf – the whole of the site is clearly visible.

Equally worth remembering that the existing 'site screening' has been growing for 25-30 years and does not screen anything at all from the river – so any additional screening will not be of any

benefit

All the best

Kind Regards

RE: Aldeby Parish Council's response to the Planning Application for a Solar Park at the Aldeby Landfill Site.

Dear Anna,

Thank you for the email. I was walking on the Beccles side of the river opposite East End Lane over the weekend and took a couple of shots of the landfill site that I still think the applicant could have done to be fair.

This view can be seen for a long way along the river bank/from the boats.

Regards,

Philip

Subject: Aldeby Parish Council's response to the Planning Application for a Solar Park at the Aldeby Landfill Site.

Dear Councillors, Ladies and Gentlemen,

For your information, please find attached Aldeby Parish Council's response to the Planning Application by Infinis Energy for the construction of a Solar Park on the disused Aldeby Landfill Site. The comprehensive report by Don Wiltshire, Deputy Chair of the Aldeby Waste Liaison Group has been appended to the APC response to inform the Planning Department as fully as possible of the issues of concern.

This response has now been uploaded to the Norfolk County Council planning portal within the allotted time period and Aldeby Parish Council has requested that this application go to Committee in view of the major negative impact it would have on the environs of Aldeby if the current proposals were to be approved.

Kind regards,

Anna
