Dear sir or madam,

I am one of a group who are strongly objecting to the proposal. Please could you answer some questions for me ? There does not seem to be any clear information regarding the progress of this proposal.

I have heard that because of objectors concerns that there is to be a mini consultation period . Is this true ? Have all the objectors been made aware of this ? . What does this mean for the suggested planning committee meeting timing ? Has it now been moved to September ?
Are we invited to write in again to the application portal ?

We have discovered a white sign in the layby some 70 metres from the present site. It has been pinned to a fencepost and is obscured with nettles and ferns.
It refers to 2 matters of concern

- 1 It says that any comments should be received within 21 days of the date of the notice. BUT the notice is signed but not dated , I have photographed this on 5th July. Please explain what and when this notice was about .
- 2 It also says that the council may use delegated authority to officers on this issue. May I point out that there is strong objections from many directions to this proposal and officer decisions would only increase the possibility of Hilltop and other objectors bringing a Judicial Review of the performance of NCC from the identification of the site right through to the assessments of the highways authority, plus many other clear errors in this process. This may compromise NCC with relation to the contract with their willing landlord !
- 3 I once again put in a strong request to address any meeting of the planning committee on this matter.

Kind regards,
