Comments:

The RAMPANT objections bombarding this application are full of misinformation! It's blatantly obvious we are in dire need of a larger Recycling Centre. The proposed site is perfect as the current site is too small for local requirements. Hilltop Outdoor Centre is clutching at straws in its extensive objections to the location. According to Google maps the site is over 90 metres from the Woodland Studies site, not 20 - 60 metres and if the Children's playing field if the piece of grass with detritus on it, adjacent to the proposed site... I'm very surprised as I have never seen a child on it! The AONB is a small area situated between several local businesses, Hilltop (built on a former Household Waste site) 2 quarries, Pretty Corner Tea Gardens, Top Cat Cattery, Warren Kennels, Anglia Mowers and Denny's Construction Ltd. and each business will produce waste that could be easily disposed at the new site.
