Sent Dear sir ,I am extremely concerned regarding the proposed waste water (sewage plant) plans ,for Dobbs Beck .As a resident of beeston lane I have several issues with this project,the sheer size of the plant ,the impact on wildlife,great crested news ,bats ,dear etc .Then of course we have a the smell ! Obviously as a local person Whitlingham springs to mind ,And of course the property "values"who determines compensation !,this is not a small scale project.I have taken advice on this matter and will be instructing legal counsel.Yours Sincerely [REDACTED]
