Table 1-1	Operational Phase Traffic Data	4
-----------	--------------------------------------	---

1 Traffic Data

1.1 Operational Phase

1.1.1 Data shown for 2027 and 2042 are without traffic mitigation and are as used in air quality modelling.

AADT = annual average daily traffic

HDV = heavy duty vehicle (all vehicles >3.5 tonnes gross weight)

DM = do minimum (without Scheme)

DS = do something (with Scheme)

Where Not Applicable is used, this link is not present in the corresponding scenario.
