Comments:

We believe this plan will be detrimental to North Runcton adding even more traffic to an already busy road known for serious accidents. The moment of houses planned will not only add more traffic, we have a hospital that is not fit for purpose, we have over stretched GP's no dentists. It will destroy countryside that is home to a huge range of animals, birds & insects & will add to the possible risk of flooding to homes because our drainage system is not fit for purpose. This plan has no benefit and is detrimental to local people. Housing estates roads are narrower, cars are bigger again causing more issues..
