Your Ref : **FUL/2024/0001**

Dear Sir or Madam,

West Winch Parish Council would like it to be put on record that we endorse all the points raised within the letter raised to you from North Runcton Parish Council dated **24/04/2024**.

With reference to planning development **FUL/2024/001** – Development of a 3.5km new single lane access road as the West Winch Housing Access Road (WWHAR) within West Winch.

We would also like to ask the following questions:

1. Where are the Borough officers' comments?
2. Where are the Tree officers' comments?
3. Where are the ecology officers' comments?
4. Where are the Air Quality officers' comments?

This is the biggest road building scheme in the Borough for decades and yet does not seem to take in the impact of the situation that will be created by it.

As per other letters that have been submitted from Active Norfolk, Active Travel England, and Kings Lynn & West Norfolk Bicycle Users group –

We would also like further clarification of what measures will be taken forward to ensure a safer community with greener credentials, air quality improvements and biodiversity strategies taken into consideration.

It is of our opinion that this application is not progressed until further information has been submitted and reviewed and appropriate discussion and resolution of all the concerns are satisfied.

Yours sincerely,

[REDACTED]
Parish Clerk & RFO to West Winch Parish Council.
